

**PRO.M.I.S.**  
Programma Mattone Internazionale Salute

# ProMIS

**Mattone Internazionale Salute Programme**

# WHO WE ARE

ProMIS – Mattone Internazionale Salute Programme is an **network** made up of **Italian Ministry of Health** and **Regions/Autonomous Provinces** and coordinated by the **Veneto Region**

Established in 2010 to **strengthen regional cooperation** and links between **Italian regional health practices and policies** and the **European initiatives on health**

Focused on **capacity building and knowledge sharing** for all the **key health actors in Italy** (e.g. regional authorities, hospitals, etc.) in order to **promote across Italy the dissemination of EU policies and funding opportunities** in the framework of health, research and innovation.

# GOVERNANCE MODEL

## The General Coordination - GC

- 5 Representatives appointed by the Ministry of Health
- 1 Representative of the Coordinating Region
- 4 four representatives of the Regions/Autonomous Provinces appointed by the Health Committee

Health Committee

Ministry of Health

## Representative/Coordinator of the General Coordination

appointed within the General Coordination

## The Technical Operational Committee - CTO

- Group of regional referents / autonomous provinces (technicians appointed by the health assessors) in the maximum number of 1 per region / autonomous province (it's foreseen the simultaneous appointment of 1 delegate)
- 4 representatives of the Ministry of Health

Technical Operational Committee Coordinator

## Administrative Core

in charge of the reference structure delegated by the Coordinating Region

## Operative Core

7 staff members, selected on the basis of curricular requirements

# OBJECTIVES

- ✓ Strengthening the **internationalisation** of the Italian Healthcare System (national, regional and local levels)
- ✓ Improving the internationalisation **strategies** of health system actors (national, regional & local levels)
- ✓ Supporting and promoting **actions** through a strategic national systematic approach to affecting the European programming
- ✓ Promoting a competitive **participation** in projects funded by European calls
- ✓ Promoting and supporting the "Health in all policies" **approach**

# TASKS

- ✓ Offering opportunities for information, dissemination and training;
- ✓ Fostering the capacity building of public administrations at any level of governance of the national social-healthcare system;
- ✓ Responding the needs jointly expressed by the Italian Regions and local social-healthcare authorities;
- ✓ Stimulating the participation of Italian clusters to national and European consortia and transnational initiatives;
- ✓ Supporting the Regions and other public administrations in transferring knowledge and competences across the network and beyond at EU level.

# ACTIONS

- ❖ COMMUNICATION
  - ❖ MUTUAL TRANSFER OF KNOWLEDGE
  - ❖ REALISATION OF JOINT INITIATIVES
  - ❖ INFORMATION
  - ❖ TRAINING AND CAPACITY BUILDING
  - ❖ REGIONAL ORGANIZATIONAL MODEL SUPPORT
  - ❖ COORDINATED PARTICIPATION IN EUROPEAN INITIATIVES
  - ❖ PROMOTION OF EUROPEAN AND NATIONAL PARTICIPATION TOOLS

- 
- ❖ SUPPORT INTERSECTORAL PROGRAMMING

# PROJECTS

**VIGOUR - Evidence-Based Guidance to Scale-up Integrated Care in Europe** (Health Programme) - The project takes into account *“ICT-based services to support independent living and home care for those with chronic conditions”*

**YOUNG50 #Stay Healthy - Cardiovascular Risk Prevention** (Health Programme) - The project adapts and exports the CARDIO50 screening model (Veneto Region model to estimate cardiovascular risk among the 50 years old population) to the EU Lithuania, Romania, Luxembourg

**WHO - ITU mHealth Hub in EU (H2020 / WHO)** - The project aims at developing national mHealth interventions in selected EU member states to champion the uptake of mHealth (e.g. centralised ‘Knowledge and Innovations Hub for mHealth’)

**REVERT - targeted therapy for advanced colorectal cancer patients** (Horizon 2020) - The project aims at developing a model of combinatorial therapy - based on a personalised medicine approach - that identifies the most efficient and cost-effective therapeutic intervention for patients with unresectable mCRC

**INCASO - Improving Integrated people-centred healthCare Solutions** (DG SANTE)

**WE4AHA - Widening the support for large scale uptake of Digital Innovation for Active and Healthy Ageing** (Member of Advisory Board)

# THEMATIC GROUPS-NATIONAL COORDINATION

## **INTEGRATED CARE (support to implementation of Italian “National Chronicity Plan”)**

The group focuses on: a) defining strategic key words as baseline of the joint work in the organizational innovation issues; b) defining specific priorities: c) mapping and collect good practices regarding integrated care services

## **HEALTH TOURISM**

ProMIS set up a “Conceptual framework on health and tourism” in order to reach a shared definition of health tourism, to map the tourist flow at national and international level, to outline their trajectories with a specific focus on ageing

## **ACTIVE AND HEALTHY AGEING (EIP-AHA)**

ProMIS has been supporting Italian Regions to apply to become Reference Sites. It has also started to find ways to share best practices and experiences through information days, focused workshops, ...
